THE PREMIERE ARTISANAL ICE POP MANUFACTURER

- ▶ We are the premiere private label / co-packers of artisanal ice pops based in the Southern U.S.
- ▶ We specialize in fruit bars, juice bars, ice pops and custom formulations. We own various sized molds in different shapes, allowing us to produce any custom product you would like to bring to market.
- ▶ Whether it is a fruit and veggie bar, vitamin infused bar or juice bar, we can produce it for you in any shape or size. Call us today for a quote!
- ▶ (813)567-1493

Products

- Fruit Bars
- Artisanal Pops
- Flavored Ice Bars
- Twin Pops
- Fruit / Veggie Pops
- Two Flavored Bars
- Filled Coconut Half Shells
- Vitamin Fortified Bars
- All Natural Bars

Minimums

We have the lowest minimum in the U.S. for custom Ice pop production runs. Ice Pop Factory runs as little as 8 pallets split into 4 flavors.

Product Development

- ▶ Our company can help you take a concept you have in mind to a fully developed and marketable product. We have staff that can help you with product formulation, packaging design and brand licensing. Our company specializes in developing products for the ever growing Hispanic consumer base as well as all cultural segments of the market place.

Our Process

Our modern, FDA inspected, production plant has the latest equipment to be able to develop and run your products to your specifications, in a timely and sanitary manner. Most of our process is automated, allowing us to produce a consistent product every run. Our production facility is located in central Florida. We cater to customers from different parts of the U.S., Canada, Australia and the Caribbean. We have the production capacity and experience to bring you the very best products!

ING Direct., 500,000 Custom ice pops manufactured for the Canadian market.

30 years experience in the Ice Pop Industry.

We have the expertise of 30 years in the ice pop industry to help you launch your first venture or expand an established operation. We started our first ice pop venture in 1990 as a small mom and pop manual operation and have grown to a full mass production automated facility. We offer services from custom formulation, sales of manual machinery and training of ice pop manufacturing, to full scale production runs through our partner companies:
